CodeRED Emergency Notification System testing

Bracken County's Emergency Notification System, CodeRED, will be tested during the week of February 10th, 2014 to validate a portion of telephone numbers in the database. Only a portion of the community will receive call attempts. There is no need for action whether or not you receive a call.

The Caller ID will read 800-791-3749 and the message will say "This is a test of your community's CodeRED Emergency Notification System. No action is required, this is only a test. Had this been an actual emergency you would have received important information from your local officials. Again, this is only a test."

The process will increase the efficiency of the system and the speed in which notifications will be delivered when the system is used during an actual emergency.

"Residents and businesses are encouraged to visit our website and update their contact information. If your phone number is not in the database, you will not receive a call when we do launch an important notification," Neider Reynolds, County Emergency Management Director said. In particular, individuals who have unlisted phone numbers, who have changed their phone number or address within the past year and those who use a cellular phone or VoIP phone as their primary number should add or update their contact information in the emergency database.

Reynolds urges citizens to visit the Bracken County web page at www.bracken-county.ky.gov and click on the Community Notification Enrollment link. Questions regarding this system test should be directed to Neider Reynolds, Director of Bracken County Emergency Management at 606-735-2570.

Fire Hazard Season is upon us

Bracken County residents are reminded that Fire Hazard Season is upon us.

According to KRS 149.400, Kentucky Forest Fire Hazard Season is February 15 through April 30 and October 1 through December 15.

During the forest fire hazard seasons, even though the precautions required by KRS 149.375 have been taken, it is unlawful for any person to: set fire to, or to procure another to set fire to, any flammable material capable of spreading fire, located in or within one hundred fifty feet (150') of any woodland or brushland, except between the hours of 6 p.m. and 6 a.m., prevailing local time, or when the ground is covered with snow.

Remember, all fires should be attended until extinguished.

RAK Kids support Children's Hospital with Valentine's project

This year, a special group of students known as the RAK Kids (Random Acts of Kindness Kids) narrowed their focus by partnering with Cincinnati Children's Hospital. This hospital is one of the nation's top three pediatric hospitals in the nation. Patients and families from across our region and even from around the world go to Cincinnati Children's Hospital Medical Center hoping for miracles. The RAK Kids wanted to support this great hospital by providing money for games, books, toys, etc. that would lift the spirits of the patients as they received the best healthcare available.

This project had a special significance for the students at Taylor since the money collected was given in memory of Bradley and Emily Doss. Two of the four children who lost their lives in a fire that destroyed their home in Powersville right before the beginning of the school year.

To finance this project, the RAK Kids sold candy grams the first two weeks of February to their classmates and teachers. A candy gram was a simple valentine with a sucker attached, which could be given by the students, to a special friend at Taylor. This friend could be a classmate as well as a staff member. Each candy gram cost only 25 cents with the

proceeds going to the Wish List provided by Cincinnati Children's Hospital.

Last year the RAK Kids chose a project where they partnered with an organization known as Heifer International. Because of the

generosity showed at Taylor, the project was a great success! By selling candy grams for Valentine's Day, over \$400 was sent to Heifer International, which in turn, used the money to provide livestock for the impover-

ished island of Haiti! it is expected this year's project will enjoy just as much success.

Mrs. Cheryl Johnson is the sponsor for the RAK Kids and their project.

From Washington's
Speeches And Letters
To Mrs. Martha Washington
Philadelphia, 18 June, 1775

My Dearest: I am now set down to write to you on a subject which fills me with inexpressible concern, and this concern is greatly aggravated and increased when I reflect upon the uneasiness I know it will give you. It has been determined in Congress that the whole army raised for the defence (sic) of the American cause shall be put under my care, and that it is necessary for me to proceed to Boston to take upon me the command of it.

You may believe me, my dear Patsy, when I assure you in the most solemn manner, that, so far from seeking this appointment, I have used every endeavor in my power to avoid it, not only from my unwillingness to part with and the family, but from a consciousness of its being a trust too great for my capacity, and that I should enjoy more real happiness in one month with you at home, than I have the most distant prospect of find-

ing abroad, if my stay were to be seven times seven years. But as it has been a kind of destiny that has thrown me upon this service, I shall hope that my undertaking it is designed to answer some good purpose.

You might, and I suppose did perceive, from the tenor of my letters, that I was apprehensive I could not avoid this appointment, as I did not pretend to intimate when I should return. That was the case. It was utterly out of my power to refuse this appointment without exposing my character to such censures as would have reflected dishonor upon myself, and given pain to my friends.

This, I am sure, could not, and ought not, to be pleasing to you, and must have lessened me considerably in my own esteem. I shall rely, therefore, confidently on that Providence which has heretofore preserved and been bountiful to me, not doubting but that I shall return safe to you in the fall.

Kentucky Horse Park Launches New, Improved Website

The Kentucky Horse Park has launched a new and improved website, www.Ky-HorsePark.com, featuring a responsive design that provides users with an optimal experience regardless of the device they use to access the site - smartphone, tablet, laptop or desktop. The website also features a cleaner look that facilitates easier navigation.

"Web browsing is being done on a larger variety of devices today than when our last site was created," said John Nicholson, executive director of the Kentucky Horse Park. "We want to serve our numerous users with a fully functioning website, no matter what device they employ, so

Jefferson, Tuel vie for Magistrate of Germantown

In last week's list of candidates and their placement on the May Primary Ballot, the Germantown Magistrate race was inadvertently left out.

It should have stated: Germantown District 8 Magistrate incumbent Dennis Jefferson drew first position on the ballot and Darrell Tuel will be in the second position for Magistrate of Germantown.

it was important for us to utilize a responsive site with this new launch, as well as provide a site that truly shows off the beauty of our horses and park grounds."

The new website is robust. Just like the park, the site is content-rich and serves a variety of user groups including tourists and travel industry professionals, equine competitors, special event visitors, horse show managers and other facility lessees, campers, equine researchers, history buffs and more. The new site is designed with a fresh, uncluttered look and is optimized for search engines, which will help drive more traffic to the Kentucky Horse Park's pages, raise the park's profile, and encourage more people to visit the park.

The website is designed and maintained by Trifecta, an award-winning, Lexington-based design, development and marketing agency that has worked with the park since 2012. Trifecta is also redesigning the park's companion websites, the International Museum of the Horse, www.IMH.org, and the Kentucky Horse Park Foundation, www.KHP-Foundation.org, both expected to debut later this winter.

"By utilizing a responsive website design, the site's overall reach will increase and match up better with its users' browsing habits," said Jonathan Moore, partner at Trifecta. "Plus, from the first page load, potential visitors can really see why they should visit the park and how wonderful it is."

Arctic Temperatures Increase Electric Bills, Prompt Need to Conserve

The big chill of 2014 has given home heating units and area utilities a workout, with record-setting cold continuing from a polar vortex that has stretched further south than normal.

In January, temperatures for Kentucky's Touchstone Energy Cooperatives averaged 27 degrees, the coldest in a decade. On Jan. 6, the United States set a record for the coldest day since 2000 with the average temperature nationwide at 17.9 degrees.

Although it has been very cold, the winter of 2014 has not been the most brutal in Kentucky history. The record was 1977, when the Ohio River froze and temperatures averaged 18 degrees.

Fleming-Mason Energy understands that severe weather impacts utility bills and we are committed to helping you save energy and reduce your bill through two important programs:

Our Button-Up program shows you how to add insulation and take other energy efficiency measures, which also make your home more comfortable. We'll even pay a rebate to qualified homeowners.

Our SimpleSaver program provides bill credits if you voluntarily join and help us reduce peak electric demand. To sign up, call (800) 305-5493 or go to www.simplesaver.coop.

"Steps taken to increase energy efficiency can help to offset higher bills," Mary Beth Nance, Director of Member Services said. "The energy savings add up."

Thoughts and Meditations from the Scriptures

For the Love of God

The expression "for the love of God" is often uttered as a mild curse, an expression of exasperation when we might feel like screaming something worse. It's certainly better to say "for the love of God" than to utter something worse, but it still probably falls into the category of using God's name in vain when we don't mean it literally. And that is a shame because it's really a very beautiful expression, if we think about it and what it literally means. We should do everything for the love of God. If that is our motive then there is nothing to fear. If you are afflicted by doubts about your salvation, it might help to ask yourself simply whether you are acting for the love of God. If you are truly acting for the love of God it won't matter so much whether you are saved or damned, though you surely won't be damned if that is truly your motive. We should do all for the love of God. Joy will surely follow. — *Christopher Simon*

"You shall love the Lord your God with all your heart and with all your soul and with all your mind. This is the great and first commandment." Matthew 22:37-38

Sun., Feb. 9 we had 42 to SS and 65 to worship service. Everyone is welcome that comes to worship our loving Lord and Savior.

Angie McKinney was our pianist. Jane Nelson played "My Jesus I Love Thee" and "I'll Fly Away" for our specials. Homer Burton sang "I Call It Home". We were glad to have Homer & Ruth back with us. They have been in Florida for a month.

Bro. Jackie's message was "Love and Being Critical of Others". James 4:11-12; Matt. 22:34-40. We are not to speak evil of one another; we are not to judge and be critical. We need to encourage and love one another.

Remember in prayer: Frances Blevins, Wilkie Woods, Ethan Moore (gallbladder surgery at Children's Hospital on Wed.), Edna Litzinger (fell and was taken to ER), Bro. Tony Cox (kidney stones - which were blasted last week), Richard Badger (problems with retina of his eye & also fell last week), Pam Bruin (heart valve problems), Roy & Barb Mains, Paula Arthurs, Mike Scott (Hospice), Odell Hopkins, Dale Young (surgery next Feb. 17 for multiple hernias), Nancy Tompkins (had stent placed in heart last week), Gene Tompkins (had to go to ER for excessive bleeding from tooth extraction last week).

Sympathy goes out to those in the passing of their loved ones. Keep in prayer the families of Reuben "Peck" Jefferson, Mildred Workman, Eloise Moorhead.

BERLIN BAPTIST by Karen Cooper

We invite all to come and worship with our family of believers. Sunday services begin with Sunday School at 10:00 a.m., morning worship 11:00 a.m. and Sunday night services are held at 7:00 p.m., message by Brother Dan Black.

This past Sunday was a wonderful time in the Lord at Berlin Baptist Church. Brother Dan's message was taken from Matthew 25:41-46, Matthew 23:14 and titled "There is no reset button after death. Are you sure that you're going to heaven?"

NEW LIFE FELLOWSHIP by Beverly Whittaker

Despite the winter weather, there were many that joined us this Sun., Feb. 9 in the Lord's house. Pastor Doug's message posed the question, "How to trust God?" with the text being from Proverbs 3:5-6. We need to look beyond our circumstances, focus on the good, love a sovereign God, get to know God and always pray to God about everything.

There will be no Wednesday evening prayer service this week.

Fri., Feb. 14 - we will have our annual Valentine's Day banquet beginning at 6 p.m. at the church. We will be playing the Newlywed game so come out and enjoy a night of fun and Christian fellowship.

On Feb. 21, the youth will be going to Winter Jam 2014 at the U.S. Bank Arena in Cincinnati. Tickets are \$10 and doors open at 5 p.m.

Christian sympathy is extended to the Todd family. May God provide you peace and comfort.

We invite you to any of our services. Kingdom Builder classes for all ages begin at 9:30 a.m. and praise and worship begins at 10:30 a.m. Remember God loves you and so do we! We are located at the intersection of 875 and the AA Hwy. on the left.

OAKLAND CHRISTIAN by Barbara Browning

With the threat of snow, still several folk gathered to worship. Bro. Jim's message reminded us that love is a commandment we need to obey, a choice we have to make, a concern we must have, and a commitment we have made, so LOVE OTHERS!

BROOKSVILLE ASSEMBLY OF GOD by Janice Whitney

10:00 a.m. - Christian Education: The final instructions Jesus gave to His Disciples was "go into all the world and make disciples of all Nations". Once Paul embraced Jesus as his Lord and Savior, he devoted the rest of his life being obedient to the call. This Sunday, the lesson is, "What will you do with the Gospel?"

11:00 a.m. - Worship Service: More than any other person, Jesus understands that the fruit of disobeying God's Holy Word produces the fruit of misery and suffering. Today's society is greatly impacted by bondage to a variety of addictions that wreak havoc on families and society. Pastor Whitney's message, "Come To Jesus And Find Rest."

The Augusta Rotary Club is observing its 85th anniversary as a community organization this month. Originally chartered by Rotary International way back on February 4, 1929, the Augusta Rotary Club has a long tradition of community service, civic projects and charitable good works. Over the years, Club projects have included donating “Welcome to Augusta” signs, installing the Town Carillon and Town Clock, providing Christmas decorations on Main Street, and building a handicap ramp on Riverside Drive. In addition, Rotary’s C&O Caboose is used as a welcome center by the City of Augusta, with the shaded garden area in front of the Caboose maintained as a good spot for residents and

visitors to watch the river. Augusta Rotary provides two scholarships every year to local students, donates school supplies, assists local social welfare organizations and recently helped fund the County Sheriff’s SALUTE program for local students to combat drug abuse, bullying and cyber-crime. As a chartered club of Rotary International, members also contribute to a global effort to eradicate polio. Several community special events are sponsored and organized, including Augusta Heritage Days over Labor Day Weekend, the White Christmas Parade in early December, an Easter Egg Hunt in the park and the ever-popular Duck Race on Bracken Creek. World-famous Rotary Burgers are served from the Club’s familiar Burger Stand

at many community events during the summer. The Club also will be hosting its annual Pancake Breakfast on Saturday, March 1 at the Augusta School Cafeteria. Pancakes, bacon, sausage, eggs, juice, coffee and milk will be served for the low price of \$5 per person (\$3 for children 10 and under). Augusta Rotary is a secular organization open to all persons. Its purpose is to bring together business and civic leaders to provide community service and build goodwill. The Augusta Rotary Club meets for dinner every Monday at 6:00 p.m. at the Parkview Inn and welcomes new members to join and participate in its community projects and activities.

Do Statin Drugs Raise Cataract Risk?

There is good reason why the group of cholesterol-lowering drugs known collectively as “statins” (HMG-CoA reductase inhibitors) is among the most popular on the market. Medications such as Lipitor (atorvastatin calcium) have proven themselves to be a very effective first-line defense against arterial plaque buildup associated with heart attacks and stroke. At the same time, however, recent research reveals that taking statins increases the user’s risk of developing cataracts. While no one is about to recommend that those at high risk of stroke and heart disease stop taking statins out of fear that their use might lead to cataracts, statin users may want to be more scrupulous about scheduling regular eye exams. Cataracts are a common problem as we age. In people over the age of 75, two-thirds have the most common type of cataract. Today’s informative column has been brought to you by our entire staff. It is important to get medical attention for all eye problems. At **KENTUCKY EYE INSTITUTE**, we stress preventive eye health care. When was the last time you had your eye examined by an ophthalmologist? Call us today at **606.759.7883** or **800.658.7282** and let us help you enjoy good sight throughout your life. Regular eye examinations are a must for good vision. We’re located at **1937 Old Main St., Suite 1, Old Washington**. We specialize in “EYE CARE FOR ALL AGES.”

P.S. General recommendations for cataract prevention include a balanced diet, a healthy lifestyle, no smoking, and protection from ultraviolet light.

Gov. Beshear proclaims Feb. 23 as KCTCS Super Sunday Day in KY

Governor Steve Beshear proclaimed February 23 as the Kentucky Community and Technical College System (KCTCS) Super Sunday Day in Kentucky during a press event at the Capitol.

Super Sunday is an annual student recruitment initiative specifically targeting African-American and Latino students. On February 23, KCTCS and each of its 16 colleges will partner with African-American and Latino churches in their communities to host information fairs for prospective college students and their families.

Higher education begins at KCTCS for most Kentuckians, and so it is a vital part of the KCTCS mission to increase the educational opportunities for people of color, including African-Americans and Latinos. Super Sunday is a statewide initiative intended to increase the college-going rate of students of color.

This event is patterned after a highly successful program at California State University, now in its eighth year, that is credited with substantially increasing the college-going rate of African-American students in California.

TRASH TALK

Howdy Folks! Happy Valentine's Day!! Depressing aptly describes the weather so to lighten your day we searched for some family friendly jokes via the internet. Some insulted intelligence and some were just plain corny; however, feel free to send your valentine any of the following: You're like my asthma – you take my breath away; like my dandruff – I can't get you off my head; like my car – you drive me crazy; and finally, like my dentures – I can't smile without you! This one reminds us of the boxer who had 'summer teeth' – some are there and some are not! Enough of the comedy routine! We sincerely hope that each of you has a most wonderful Valentine's Day and we especially wish this to our twenty grandchildren whose love and quips keep us smiling!

Now for this question -- what do you call an old snowman? Water! Hopefully this weather will warm up so that some of this snow will become water, and we will be able to get the trailers in and out of their respective locations! This past week's snow and ice pretty much grounded our recycling operations, but today (Monday) is starting out to be a regular week! YEA! Of course, the weather pretty much grounded anyone from getting their recycling material to the trailers, so hopefully, sunshine will prevail for a couple of days to give everyone a chance to deplete their recycling stock! Germantown's recycling trailer has been full for a week, but because of the snow and ice surrounding the trailer and on the lot, we could not move it! If by some slim chance we were able to get it out of its enclosure, there was an even slimmer chance that we could put it back because of the ice! With the

Good Lord's blessings this will be a break-out week for everyone!

With six weeks of the new year already history, we begin looking ahead to warmer months! These snow days have given folks a lot of indoor time to work on organizing and cleaning-out projects which supplies the stock for yard sales. Of course, this reminded us of one of the little stories we read on our Google search this morning, and one told of a heat wave in August. Posted to a telephone pole was a sign that read "Garage sale this Sunday – 7 AM until 100 degrees"! If you are feeling a little chilly today, think back to the hottest yard sale you attended last summer and that should warm you up a bit! But whether you are a fan of yard sales or not, the fact remains that this is an excellent way to reuse items. Anytime that we can buy good used cast-offs, the environment reaps the benefits! Even if you aren't interested in hosting a yard sale, all those unneeded items can be donated to the Quarter Corner in Brooksville or Another Man's Treasure or Goodwill in Maysville. When we can reuse or re-purpose items, fewer new items need to be manufactured which saves a lot of natural resources!

We will leave you today with two final questions. What did the lawyer name his daughter? Would you believe "Sue"? And, what's the best way to make a small fortune in the stock market? Start off with a big one! Please everyone remain safe and warm and try to look for the humor in each day knowing that you are having a positive impact as you RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – Bin & Bug.

**Allison Tobis named
to ECU's Fall 2013
President's List**

Allison Marie Tobis of
Brooksville (41004) is one of
1,248 students to earn Pres-
ident's List honors for the
Fall 2013 semester at Eastern
Kentucky University.

Tobis is a sophomore
Chemistry major at ECU.

The President's List was
established by the Univer-
sity to recognize outstanding
academic achievement. It is
bestowed upon full-time un-
dergraduate students who at-
tain a perfect 4.0 grade point
average for a semester.

"We are always pleased
to recognize all our outstand-
ing students," ECU Presi-
dent Michael Benson said,
"especially those who excel
in the classroom to the point
of perfection."

**Legislation
introduced to help
strengthen Prepaid
Tuition Program**

State Rep. Mike Den-
ham of Maysville has intro-
duced House Bill 279 that
will save the state \$20.1 mil-
lion and protect funds for
higher education through
changes to the state's prepaid
tuition plan administered by
the Kentucky Higher Edu-
cation Assistance Authority
(KHEAA).

"This legislation will
protect account holders who
have been counting on this
fund to pay for their child's
education," Denham said.
"By closing loopholes that
have led to a program deficit,
we are reducing the obliga-
tion of the General Fund in
the coming years."

The bill would set the
rate of return on Kentucky
Affordable Prepaid Tuition
(KAPT) accounts that are not
used for educational purpos-
es. It would also set 2028 as
the last year a KAPT account
can be used for any purpose.

"The last account owner
is projected to graduate col-
lege in 2026," said Dr. Carl
Rollins, Executive Director
of KHEAA. "We need to
make sure that we uphold
our promise to those children
and families that have invest-
ed for education."

KAPT was established
by the General Assembly in
2000 to help families save
for college. It has not accept-
ed new enrollments since
2004 because tuition infla-
tion started outpacing fund
growth.

Kentucky families can
still save for college expens-
es with the Kentucky Edu-
cation Savings Plan Trust,
administered by KHEAA.
For more information, visit
www.kysaves.com.

KHEAA is the state agen-
cy that administers grant,
scholarship and work-study
programs to help Kentuck-
ians pay college expenses.

Augusta Independent

congratulate Jerica Kelsch
for being selected as a Gov-
ernor's Scholar nominee for
2014. Jerica's application
will be reviewed in Frankfort
along with other students
from across the state of Ken-

sion is to enhance Kentucky's
next generation of civic and
economic leaders.

In order to participate in
GSP, students must be nomi-
nated by their high schools

wide level. Selection for the
program is highly competi-
tive. In addition to an aca-
demic profile that includes
difficulty of course load,
GPA, and at least one stan-
dardized test score, the ap-
plication requires an outline
of all extracurricular activi-
ties, a history of volunteer
service, essay, and a list of
job positions held.

Jerica is currently a ju-

ter of David and Jennifer
Kelsch. Jerica is involved in

If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2014 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

Bracken County Animal Shelter
receives dog food donation

Dale Ellis, representing Tractor Supply in Paris, KY, made a very generous donation of dog food to the Bracken County Animal Shelter. Dale is a native of Bracken County and has helped the Shelter many times before, and we again extend a huge thanks.

The BCAS has been

very busy working on neglected horse cases. Horses this time of year need quality hay and feed. If you know of starved animals, please notify the Bracken County Animal Shelter by calling 735-3475. Please check out our Facebook page and hit like to keep up with your Shelter.

Valentine No-No's

We know you love your pet, and want to give them the best of everything. But Valentine candy or any kind of candy is not good for them. Chocolate especially can make your pet ill. So give them a pet treat that is made for them. They'll be happier in the long run.
